

# CYBERBIT Recognized Among Top 10 Security and Risk Management Solution Providers 2016 by Energy CIO Insights

[CYBERBIT](#), a wholly-owned subsidiary of [Elbit Systems Ltd.](#) (NASDAQ and TASE: ESLT), joins an elite number of companies that have earned a spot on Top 10 Security and Risk Management Solution Providers 2016 by Energy CIO Insights.

In a deliberate session with the honorary industrial experts, a list of Top 10 Security and Risk Management Solution Providers 2016 has been concluded with. The positioning is based on evaluation of CYBERBIT's specialties in providing enterprises with a suite of security products that address their key security challenges: skill shortage, the rapidly evolving threat landscape and the lack of threat visibility.

CYBERBIT provides SCADAShield, delivering OT/IT network visibility, security and continuity for critical infrastructure. This product is part of CYBERBIT's security portfolio which also includes Endpoint Detection and Response powered by deep-learning, SOC 3D, providing intelligence-driven security operations management and automation, and a Training and Simulation platform that prepares SOC teams for complex incident response scenarios.

"By addressing the key IT and OT security challenges, CYBERBIT has been growing in strength. We are glad to showcase CYBERBIT this year due to its continuing excellence in delivering intelligence-driven solutions", said Laura Davis, Managing Editor of Energy CIO Insights.
